Junejo town is one of those towns in Karachi, where people have less service oriented shops like barber etc. This area is basically a residential area of labors and locals have to cover a lot of distance to get such services. We as our project of socio advocacy helped our maid’s brother Saleem and opened him a barber shop in Junejo Town. We arranged him this shop on rent. The total cost of this project was Rs.20,000. Most of the items such as chairs, mirrors and equipment were recycled. Now, on daily basis, Saleem is serving more than 30 people.

Funds Raised and Donated: Rs. 20,000 /-

Students:
Ahmed Mubeen Hashmi,
Saad Ahmed Khan, Seherish Fatima Ali Raza
Khalid Hussain, 60, lives at Pahargunj. He has 3 children and the only source of earning of his house is through his elder son who rides a rickshaw whereas, his younger son is deaf and dumb. I arranged him a Tea counter with a table and a couple of seats. Along with the tea he is having biscuits and cakes. He is making tea from early morning to evening and the target market of tea is the local shops especially mechanics, carpenters, retailers etc. around his house.
Setting up a Fruit Hawker Business

Set up a small business for a needy man through which he will be able to take care of his household expenses and his small children to provide them with food, shelter and education.

The business setup allows him to sell fruits here in our area. Due to lack of street hawkers, he won’t encounter any competition which will result in ample sales helping to generate more profits.

Students:
Eesha Shaukat, Bisma Safdar, Abdus Sammad, Hasiba Rasheed

Funds Raised and Donated: Rs. 17,000 /-
Set up a small business for a needy lady through which she will be able to take care of her small children and provide for them. The business setup allows her to sell French fries and other potato based items form outside her home and earn a living. The total cost for this project was Rs.18000.

We bought two machines for Rs. 7000 each and distributed it among two needy women Sumaira and Shahida aged 17 and 23 years respectively. Both of them had experience in ladies tailoring but did not have any work currently. We bought the machines from Gul Plaza, Saddar. The machines contain all the accessories required for stitching like needles, basic color threads, scissors etc. We raised our funds through collecting donations from our acquaintances.

Funds Raised and Donated: Rs. 14,000 /-

Students:
Sahar Zehra Naqvi, Syeda Marium Rizwan, Leem Mujahid, Hamza Shivani
We bought a used Rickshaw from Patel para initially, it costed us 24000/-. We upgraded its condition by getting new seat covers, tires and other mechanical work needed. It costed additional 15,300/-. So, the total costed incurred was 39,300/-. We used crowd funding to raise the finance which was used to buy the rickshaw. We gave it to Mr. Farid who knew driving but couldn’t afford a rickshaw on his own because of lack of funds. He was earlier doing other part time jobs to earn but it wasn’t sufficient for his family. Now he is earning through it and is able to look after his family needs.

Students: Muddassir Mumtaz, waisf siddiqui, Sumamah Masood

Funds Raised and Donated: Rs. 39,300 /-
We donated rickshaw to Muhammad Iqbal, resident of saddar area. Iqbal was a taxi driver but his taxi was burnt during the Benazir Bhutto assassination and riots. After that Iqbal used to sell fruits on thella but due to low earning and expensive fruits cost his that source of earning did not work. Then he started driving rickshaw on rent but here he again faced the problem of paying rent and after paying rent he used to earn hardly Rs.500 after cutting patrol and rent cost. Since he was already aware of all the routes of Karachi because of his past experience of driving through Taxi and rickshaw. So we bought a rickshaw from the same person to whom he used to pay rent. Apart from this, we also provide him regular customers like school kids and working ladies. Now he is earning good as well as saving too.

Funds Raised and Donated: Rs. 85,000 /-

Students:
Shahid Liaquat, Owais Salim
Giving Rickshaw to Mr. Faizan

We arranged a rickshaw for a guy named Faizan, which will help them in overcoming daily routine expenses and make his family of 5 a little stable and also he will be able to provide better education for his little sisters. We chose this person as his father passed away, and for his treatment they sold their previously owned rickshaw which was their source of income. Now, he is able to gather enough money to support his family.

Provision of a Brand New Sewing Machine to Mrs. Asma

Mrs. Asma is the sole bread earner of a family of 4 people including her two sons (not above 7 years of age) and her husband who is not mentally stable and lives in the slum area near SIUT. She uses a relatives sewing machine but now is required to return it, so the best was to provide her with a sewing machine of her own. The machine was bought from a shop in jubilee area which costed Rs. 7,000/-. Additionally, our group has also initiated to increase her customer-base by contacting NGO’s to provide her employment as a sewing teacher, provide her with an opportunity to stitch clothes for NGO’s children and have also distributed pamphlets.

Funds Raised and Donated: Rs. 7,000/-

Students:
Faranaz Solan, Ayesha M. Hanif, Aunzilla Aslam
Mrs. Shahida lives in Lines area, Karachi. She has 3 daughters and a son. Her husband has passed away. Though her in-laws support her but it is not enough to send her children to school that’s why she was looking for work that she could do at home.

I arranged a sewing machine for her which cost Rs. 6500. For other materials like needle, thread etc. Rs. 1000 more was given to her.

Students: Ayesha Hussain
Mr. Idrees came to Karachi from village to earn for his family and to afford education of his children. He started working with his friend in a factory where laces are made. But his earning was not sufficient so, we gave him the idea to work on his own separate Machine of making laces to earn more profit. We arranged a machine whose motor was for 20,000 and other amount was for overhead charges. Now he is able to earn more as he was able to produce more laces per day. He can support his family in a better way than before as he is gaining more profit by working on his own machine and then distributing it to the suppliers.
Sadaf is a 19 year old who with another family member works as a domestic house helper in a naval officer’s house and in exchange her family gets free accommodation in a servant quarter in PNS Jauhar with free electricity, gas and water. Sadaf is also learning the art of stitching female clothes. She knows how to sew simple clothes while she is still learning how to sew clothes of modern day needa. She did not have a sewing machine. We arranged a sewing machine for her, distributed pamphlets regarding her work and recommended her to increase her skill set step-by-step by learning related skills like embroidery and qureshia. The total cost for this project was Rs.6440( sewing machine worth Rs.6400 and pamphlets printing Rs. 40).

Mr. Mohammad Shareef, living in Lyari was suffering from financial crisis because he could not find a job due to the poor and underdeveloped area he lives in. We found Mr. Shareef with the help of an NGO, First Hand Foundation which works for the welfare of the underprivileged. He is the father of 5 children, 3 girls and 2 boys. His daughter, who is also a student of class 9, stiches clothes but her income was not enough to cater to the needs of the whole family. Earlier, Shareef worked at a pan cabin and then worked as a security guard. However, he left his jobs and was unemployed. His sons and other daughters are too young to work. The students arranged a thaila for him. Mr. Shareef sells Pappar and Popcorn and is planning to expand this thaila by selling fries. He now earns 500 rupees daily to manage his daily expenses.
